Release Request, Intrepid Potash-Wendover LLC, Bonneville Wendover Mine, M/045/0002,
Tooele County, Utah

Dear Mr. Baker:

On July 11, 2016 our office received a request to concur with releasing a certificate of deposit (CD) that has been on file with your agency as a reclamation bond in the amount of \$49,100. This bond was to be used for reclamation of the processing facilities that are not located on federal lands. In cooperation with the Bureau of Land Management, the Division of Oil, Gas and Mining has received a surety bond in the amount of \$6,494,000 that has replaced the CD in question. This replacement surety bond now covers reclamation liabilities for the Intrepid Wendover operation on both federal and non-federal lands.

The BLM concurs with releasing the \$49,100 bond due to the receipt of the \$6,494,000 replacement bond that covers reclamation liabilities on both the federal and non-federal lands.

If you have any questions, please feel free to call Stan Perkes of this office at (801) 539-4037.
